Why didn't Kathie Lee demand an autopsy?

# FRANK GIFFORD DEATH DRAMA!

## KATHIE LEE'S HUBBY TOOK SHOCKING SECRET TO THE GRAVE

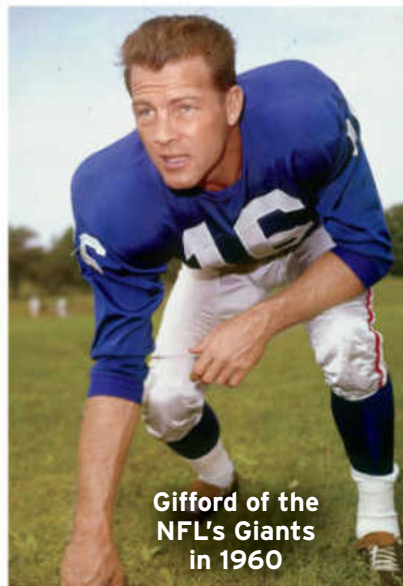

DEVASTATED Kathie Lee Gifford believes her hubby, Frank, passed away from "natural causes," but the exact reason for his death is shrouded in mystery – because there was no autopsy.

Gifford's death was sudden and unexpected, says a family friend.

"There was no hint his life was going to end suddenly, just one week before his 85th birthday," says the source. "Kathie was planning a big party."

Instead, the heartbroken talk-show host found her husband of nearly 29 years on the floor of the bedroom in their Greenwich, Conn. home, early Sunday morning, Aug. 9.

The famed Monday Night Foot-

Gifford of the NFL's Giants in 1960

ball sportscaster, who left a \$20 million fortune in his will, was pronounced dead – but there was no postmortem examination.

Greenwich's Chief Medical Examiner explained that the "death was not reported to us because it was not a traumatic incident.

"If he died from natural causes...it would go through his doctor."

But former Chicago cop-turned-Hollywood private eye, Paul Huebl tells GLOBE that Frank should definitely have been autopsied.

# NANNYGATE!

**B**EN AFFLECK's Nannygate scandal has exploded into his worst nightmare, say insiders.

The Argo hunk is desperately trying to keep babysitter, Christine Ouzounian, under wraps, but the pretty 28-year-old – who is at the center of Affleck's shocking divorce from Jennifer Garner – is delighted by her new celebrity status.

And she's giving Affleck fits! "Christine's a ticking time bomb – and Ben knows it," says an insider. "He's treating her with kid gloves, but every day she's back in the spotlight with a new antic."

While Ben, 43, has denied he

cheated with Ouzounian, she's reportedly told friends they **HAVE** been intimate – and she wants a future with him.

Certainly, they've continued to see each other since Garner, 43, furiously fired her.

The buxom babysitter's been spotted driving Ben's car and was photographed at his new L.A. bachelor pad late in the night on July 17.

And the naughty nanny was also seen – and caught on camera – frolicking in a tiny black bikini at the ritzy Hotel Bel-Air in Los Angeles. Her

stay was reportedly paid for by Affleck!

"Many believe it was Christine herself who tipped off photographers to her presence poolside," says a source. "A giveaway is her hair is perfect and she's wearing makeup!"

She also showed off a new convertible Lexus – just a day after photos surfaced of her on a private jet with

Affleck and football star Tom Brady, en route to a poker tournament in Las Vegas, June 27. She was blinged out, wearing all four of Brady's Super Bowl rings!

That was the trip that triggered the Affleck marriage breakup three days later, say sources.

"Jen was back in the Bahamas with the kids," says a friend. "She knew nothing about the Vegas jaunt. It was the last straw for their marriage."

"Now Ben fears if he cuts things off with Christine, she'll do a big TV interview that will doom any chance of him saving his marriage."

"He's managed to keep her quiet so far, but wait until she finds out she was just a fling. How's he going to shut her up then?"

# WHAT REALLY KILLED CHEATING FRANK!

CONTINUED FROM PAGE 4

"It's the only way to learn exactly what happened," says Huebl. "You can't just assume that someone had a heart attack or stroke in their sleep when there could be other issues at play.

"There's a disturbing trend among wealthy people to have a doctor sign a death certificate.

"The family often thinks it's disrespectful to cut open the dead person, but it's actually worse, and possibly dangerous, not to know what killed the individual."

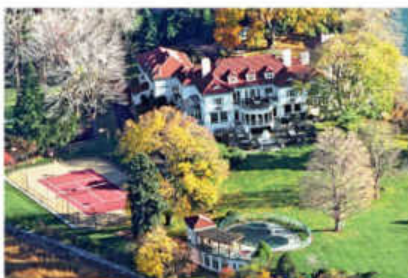

Huebl notes that Frank could have died from a genetic heart defect, or a disease like cancer or a stroke "that could warn relatives to seek treatment or medication that could save their lives."

Sources close to the family speculate that the 84-year-old gridiron great died from a heart attack or even old on-field injuries from the bat-

Frank died in the family's Greenwich, Conn., estate

tering he took as a legendary New York Giants running back and pass receiver.

But while Gifford was one of the roughest, toughest football players, he was shockingly henpecked by Kathie Lee at home – a secret he hid from fans and took to his grave, say friends.

After being caught in a steamy tryst with blonde former stewardess Suzen

Johnson in a Manhattan hotel in 1997, the shamed cheater saved his marriage by letting Kathie Lee call the shots, say sources.

"Kathie Lee was totally humiliated and remained bitter," says the friend. "She always held his infidelity over Frank and used it as a way of keeping him under constant scrutiny.

"And he virtually let her run

his life. She decided which parties they went to, who their friends would be, where they spent their vacations.

"It was the only way to keep Kathie Lee's love and their marriage intact.

"She maybe forgave Frank for cheating, as the father of her two beloved children. I'm not so sure she forgave him as her husband."

And in the wake of his death, Kathie Lee is guilt-ridden over that, says the source.

After discovering the body, sobbing Kathie Lee, 62, contacted their children, Cody 25, and Cassidy, who turned 22 just the week before, says a source.

Through her tears, she said their beloved father had died unexpectedly and she was baffled as to what had ended his life and left her alone.

Now, the family friend fears Kathie Lee "will turn to her beloved wine to ease her pain."

Television viewers have seen her gushing about wine and tipping with co-host Hoda Kotb on their Today show set, notes a source. She even has her own line of vino.

Daughter Cassidy recently confessed, "If you come to our home, you're kind of forced to have a glass."

Frank suffered serious injuries during his playing days

Frank was a brain aneurysm or a stroke resulting from the "deep brain concussion" he suffered during a 1960 game with the Philadelphia Eagles, says the source.

Frank had been having memory issues, sparking early dementia fears. He felt the problem was likely caused by his old football head injuries, says the source. "But since there was no autopsy, we likely will never know for sure," says the friend.

# SEXY BLONDE'S STEAMY HOTEL TRYST WITH LOVE RAT FRANK

Suzen Johnson

THE seemingly perfect 10-year marriage of Kathie Lee and Frank Gifford was shattered in 1997 when the NFL Hall of Famer was caught cheating with blonde bombshell Suzen Johnson.

The then-67-year-old Monday Night Football broadcaster had a steamy tryst with the married former TWA flight attendant at New York's swank Regency Hotel - right under unsuspecting Kathie Lee's nose!

Johnson, 46, claimed she and Frank had been seeing each other for four years after meeting on a flight from New York to Ft. Lauderdale.

That spring, she told a friend, she was going to be in the Big Apple on business and Frank had "always promised to buy me a hot dog if we met in New York."

On the afternoon of April 30, Gifford arrived at her \$400-a-night suite where they sipped wine and shared hot deep kisses and passionate gropes before Frank left

for a business meeting, she told the friend.

The following day, eager-beaver Gifford left Kathie Lee at the Le Cirque eatery, where they'd just lunched, and dashed to Johnson's hotel room.

Suzen told the friend that

Frank suggested they watch an erotic movie, but he couldn't get the TV to work. Instead, she changed into her bathrobe, and moved to the bedroom.

Her eyes almost popped out of her head when she saw

him naked, she told the friend. In bed, he murmured compliments about her breasts and beauty before their passion exploded - with no condom! After they both climaxed, Frank said he wanted to know her better, buxom Suzen told her pal.

But it was a case of wham, bam, thank you, ma'am!

Almost immediately, love rat Frank dressed and rushed off - to attend a social gathering with Kathie Lee in Connecticut!

**P**RINCESS DIANA's marriage to cheating Prince Charles never had a chance!

That's the analysis of royal insiders who viewed recently discovered and never-before-seen private photos of the couple's July 29, 1981, wedding, which prove the marriage was doomed from Day One.

The candid images taken by family member Patrick Anson, 5th Earl of Lichfield, were snapped after the wedding party arrived at Buckingham Palace for a reception following the nuptials at St. Paul's Cathedral.

Any sign of intimacy between the newlyweds is glaringly absent in the photographs.

For her part, Diana seems more interested in her youngest bridesmaid, Clementine Hambro, than the man she married.

**Photographer Lord Lichfield had unprecedented access**

# DIANA'S MARRIAGE DOOMED FROM START!

**Never-before-seen wedding photos show CHARLES WAS INDIFFERENT to his reluctant bride**

"She hugs Clementine, but there are no hugs between her and Charles, no touching, no kissing," says an insider. "Incredibly, standoffish Charles looks like he'd rather be 100

miles away!

"These photos prove both the bride and groom had second thoughts about the marriage," which ended in a disastrous 1996 divorce.

In fact, on the eve of the ceremony The Prince of Wales, who was secretly bedding very married Camilla Parker Bowles, told an aide, "I can't go through with it!"

## PRINCE PHILIP, 94, LOSING HIS MARBLES!

QUEEN ELIZABETH is terrified her foot-in-mouth husband, Prince Philip, is losing his mind after the 94-year-old made a series of embarrassing public gaffes.

Just recently, the Greek-born royal consort outrageously asked a group of impoverished women, "Who do you sponge off?" - and he wasn't joking!

**QUEEN'S HUBBY ACTING ODD IN PUBLIC**

**There are fears Philip has dementia**

Just days before, he interrupted a Palace photo shoot, rudely telling the cameraman, "Get on with it. Just take the f.....g photograph!"

When he met the President of Nigeria who was wearing traditional tribal robes, Philip said, "You look ready for bed!"

Once, as President Barack Obama was telling him of his meeting with Russian and Chinese leaders, Philip asked, "Can you tell the difference between them...?"

Says a Palace insider, "The older he gets, the worse he gets. There's serious concern he's suffering from dementia."

**KEEPING

DISTANCE**

On her big day, Diana was more into her wedding party. Prince Charles appears completely uninterested in his beautiful bride

**CHARLES'

But the Prince, who was 13 years older than his bride, didn't know Diana wanted to back out of the wedding, too!

"She knew Charles was in love with Camilla," the source says. "Diana was in tears as she confided in

her sisters, 'I can't marry him. I can't do this. This is absolutely unbelievable.' But her sisters told her it was too late to back out.

"Incredibly, she vowed to make the best of her marriage. But Charles cheated on her

without shame or remorse."

Now the secret photographs that capture their desperation are being auctioned in Boston by RR Auctions on Sept. 24. They originate from the collection of an assistant to photographer Anson.

Chilling secret presidential candidate Jeb is

# BUSH DYNASTY BUILT ON NAZI BLOOD MONEY!

GOP presidential hopeful Jeb Bush is terrified his run for the White House will be torpedoed by his clan's most shameful and shocking secret – his grandfather, Prescott, built the family fortune on Nazi blood money and links to evil leader, Adolf Hitler.

In a bombshell exclusive, a family insider says the political dynasty, which includes ex-Presidents George H.W. Bush and George W. Bush, “covered up the scandal for many decades.”

## Shocking revelations

And it's no surprise. Bombshell revelations expose Jeb's grandfather, the late U.S. Sen. Prescott Bush, as a Hitler stooge! The chilling charges against traitorous Prescott include:

- He helped finance Hitler's rise to power in the 1930s.
- His company's assets were seized under the Trading with the Enemy Act in the midst of World War II.
- He was linked to a sinister and dangerous plot to overthrow the U.S. government!

According to documents in the U.S. National Archives, the Bush family patriarch scored big time by doing business with fat cats who “financed Hitler.”

“The money he made helped establish the Bush family fortune and set up its political dynasty,” says a source.

Sen. Prescott Bush was the father of former President George H.W. Bush and grandfather of ex-President George W. Bush

John Loftus, a former U.S. attorney who prosecuted Nazi war criminals after World War II, notes Prescott and his pals guided German-based companies “knowing that they were of financial benefit” to the Nazis, who planned to take down the U.S.

Loftus charges Prescott and his cronies should've been prosecuted “for giving aid and comfort to the enemy.” Jeb's grandpa used his company, Brown Brothers Harriman, as a front for German armaments tycoon, Fritz Thyssen, who helped build the Nazi war machine.

Bush's boss Fritz Thyssen bought this building for Nazi headquarters

A big Hitler booster whose cash fueled the Fascist monster's rise to power, Thyssen bought the Barlow Palace in Munich, which was converted into the “Brown House,” the Nazi party headquarters in 1928.

Shameless Prescott later became one of seven directors of

the Union Banking Corporation (UBC) set up by Thyssen to launder ill-gotten gains in America.

The UBC “bought and shipped millions of dollars of gold, fuel, steel, coal and U.S. Treasury bonds to Germany, feeding and financing Hitler's build-up to war,” an expert says.

# HIDING FROM AMERICA

Prescott's bank handled investments for evil Adolf Hitler

with two dozen businessmen in a sinister plot to overthrow the U.S. government and install a Fascist dictatorship in 1933.

The heavily funded cabal intended to reverse President Franklin Roosevelt's Depression-era New Deal programs and take over the government by raising a 500,000-man army from jobless World War I veterans.

Incredibly, Prescott escaped punishment because Roosevelt decided not to take "retaliatory measures" against the plotters.

Despite the treasonous allegations in his past, Prescott became a U.S. senator from Connecticut in 1952.

Now the Bush Nazi scandal threatens to derail Jeb's White House bid. And the former

Florida governor is shaking in his jackboots.

"Jeb fears he can kiss his presidential hopes goodbye for something in his family's past," says a source. "Jeb is horrified he is going to be tarred by something his grandfather did many years ago."

- JIM NELSON

jnelson@globefl.com

Prescott was also linked to the Consolidated Silesian Steel Company, which used slave labor from Nazi concentration camps - including Auschwitz, where 1.1 million innocents died in gas chambers!

Incredibly, the UBC continued to do business with Thyssen even after Germany declared war on American in late 1941.

In July 1942, a New York newspaper described Prescott's German money man as "Hitler's Angel," reporting he kept a "secret nest egg" of \$3 million in a bank for the Fuhrer and "other Nazi bigwigs."

In November 1942, the "Nazi interests in the Silesian-American Corporation, long managed by Prescott Bush and his father-in-law George Herbert Walker, were seized under the Trading with the Enemy Act," a source reveals.

Following the war, Prescott sold his UBC shares for \$1.5 million, which was the basis for the Bush family fortune, says a source.

Prescott was also implicated

Prescott reportedly plotted to overthrow President Franklin Roosevelt

THERE's nothing Hillary Clinton won't do for a vote - and that includes courting the Kardashian cash-cow for support!

Dame of the Dems Hillary - who wants her party's nomination for prez in 2016 - attended a \$2,700-a-head, celeb-studded fundraiser in L.A. earlier this month. The brazen money-grubber posed for smiley selfies with Kim K., her hubby, Kanye West and Kim's momager, Kris Jenner.

Kim immediately put her pic up on social media, gushing, "I got my selfie!!! I really loved hearing her speak & hearing her goals for her country!"

It wasn't long before the Internet erupted in a firestorm, bashing Hillary, 67, for sucking up to the self-absorbed reality stars.

"Fakes love fakes!!!" blasted one poster. Another quipped, "Just when you think the lowest of the low couldn't possibly go lower..."

Others mocked Hillary's appearance, with one poster writing, "She looks demented." Yet another jabbed, "Hillary must be really desperate for attention."

# DYING CHER CONFESSES!

**A**ILING Cher is setting the record straight before she dies, baring her shocking life in a blockbuster memoir – and the truth will stun fans, say insiders.

The superstar diva, 69, whose body has been ravaged for years by a mysterious illness and other health problems, fears time is running out, say pals. Now, she wants to tell her own story – with no holds barred – before it's too late.

Her shocking tell-all will include revelations about:

- Her one true love.
- Her REAL feelings about transgender son, Chaz Bono.
- The truth about the illness that's killing her.
- Her anguish over learning ex-hubby Sonny Bono was murdered – and who killed him.

“Cher is tired of everyone else telling her story – and friends say she owes it to her fans to let them know the REAL Cher,” a source tells GLOBE. “You can be sure she'll hold nothing back. She won't be taking any secrets to her grave.”

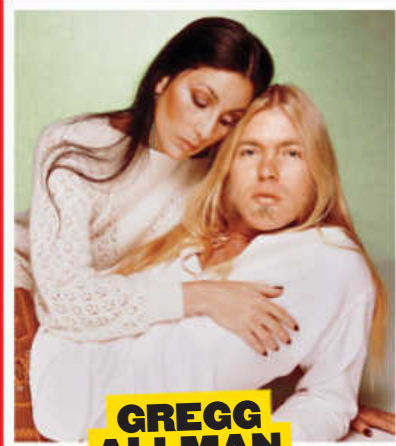

The I Got You Babe legend will likely open up about the long list of Hollywood hunks she romanced after her 11-year marriage to Sonny Bono and a disastrous three-year union with rocker Gregg Allman. Her bedmates include music and movie mogul David Geffen, rockers Gene Simmons and Richie Sambora, and actor Ray Liotta.

But the Oscar winner's one true love was no superstar. Former bagel baker Rob Camilletti, who was 18 years her junior,

The singer's battled crippling health problems since contracting the Epstein-Barr virus in the 1980s

Cher's memoir will also expose the truth about her health troubles, including her long battle with the Epstein-Barr virus she contracted in the late 1980s. The bug has, at times, left her ravaged by fatigue, headaches, sore throats, pain in her muscles and joints, severe depression, confusion and memory loss.

"She's even had brushes with death," says the source. "Last year she was stricken with a mystery virus that forced her to quit her Dressed To Kill tour. The infection caused serious kidney problems and affected her heart, sparking fears she needed a transplant.

"I believe Cher will tell just how close she came to dying."

Sources also expect the diva to address Sonny's 1998 death. The official story is the singer-turned-politician died near Lake Tahoe in a skiing accident. But, as GLOBE reported in April 2008, secret

Cher's struggled with 46-year-old Chaz's transition (left) and Sonny's 1998 death

DEA and FBI files indicate Bono was assassinated by the Russian mafia to protect a cabal of international drug and arms dealers that he was about to expose. His death was staged to look accidental.

"To be told Sonny was murdered was unbelievable to Cher," says the source. "She still finds it hard to talk about his death – but she will bare her agony over the way he died in her book."

Cher won't flinch when detailing her life, no matter how ugly the truth is, says the source.

"She's never apologized for who she is," the source adds, "and she's not going to start now."

was the one who holds her heart. They met on Cher's 40th birthday and continued an on-and-off relationship for years.

"She'll gush about their romance and how he remains in her eyes the perfect man for her," says the source. "The truth is she still carries a torch for Rob. Fans don't know they came very close to marrying."

The entertainer will also reveal she's "privately tormented" by daughter Chastity's decision to have sex-swap surgery and become a man, now known as Chaz, the source says.

"There are tears behind her public show of support for Chaz's transition from female to male," says the source.

"She wonders what she did wrong bringing up her baby. She feels she failed as a parent."

**M**ICHAEL KEATON, whose real last name is the stuff of Hollywood legends, made a string of hit comedies in the 1980s. ## FROGGY CLAPTON DISOWNS DAUGHTER!

ROCK legend Eric Clapton scolded his 30-year-old daughter for baring too much personal information about him on the Internet - leading her to be cut out of his life!

Ruth Clapton Bartlett revealed on Twitter her superstar dad attended a March costume party for his 70th birthday dressed as Kermit the Frog and posted pictures of the two Porsches he keeps in his garage. The Crossroads guitarist was furious and the confrontation sparked a bitter feud.

Now Bartlett says, "We no longer have a relationship," and her father hasn't seen his only grandchild, her son Isaac, 2, for "several months."

Bartlett is the result of an affair between Clapton and her mom, recording studio exec Yvonne Kelly, during his marriage to first wife, Pattie Boyd.

"Ruth is heartbroken" over their split, says a family source.

**T**WO barbaric brothers slaughtered most of their family in a bloodbath police say was just the first part of their diabolical plan to go down in history as America's most evil teens!

After smirking accused killer Robert Bever, 18, and his 16-year-old brother, Michael, were captured, sources say they learned the slayings were part of a plot to "out-do" the twisted teens who executed 13 and left 21 others wounded during the 1999 Columbine High School Massacre.

Chillingly, 3,000 rounds of ammunition were delivered to the family's Broken Arrow, Okla., home just hours after the murders, police reveal.

But the teens' scheme to "write history in blood" was foiled by

## Smirking suspect struck a brazen pose for his mug shot

one of their brave little brothers, who made a desperate 911 call as he was being horrifically stabbed and slashed to death.

The dying child's desperate plea for help is "fairly short, but it's gruesome," says local police Sgt. Thomas Cooper. "Obviously the entire crime is gruesome, and the 911 call is just as bad."

### Bloodthirsty

The bloodthirsty brothers, who cops believe wore masks, gloves and military-style tactical clothing, allegedly

struck at 11:30 p.m. on July 22.

Cops say the boys savagely used knives, a hatchet and other "bladed weapons" on their helpless relatives.

Their sister, Crystal, 13, suffered multiple wounds – but survived to tell authorities that her oldest brothers were the attackers. Tragically, her other brothers Daniel, 12, and Chris-

topher, 7, sister Victoria, 5, and parents David, 52, and April, 44, were murdered. Her 2-year-old sister Autumn was found unharmed in an upstairs room.

Moments before the law arrived, Robert and Michael slipped out a back door and tried to flee through woods, according to investigators. But a canine unit tracked the suspects

down and the youths were captured without incident.

As the brothers were being booked on five counts of first-degree murder and one of assault and battery with intent to kill, lawmen say they were stunned to see Robert strike a brazen pose for his mug shot.

"He has a smirk on his face," notes Broken Arrow police Cpl.

Columbine, Colo., monsters Eric Harris and Dylan Klebold were the boys' evil inspirations, insiders reveal.

After trying to follow in their sick idols' footsteps, Robert could face the death penalty if convicted. Michael is ineligible for execution because of his age. But prosecutors say they will try him as an adult.

Neighbors in the quiet Tulsa

suburb reveal the Bevers mostly kept to themselves. But Tandi Wells, 30, says just weeks before the murders, she saw Michael at a corner, holding a soda and chips and menacingly staring at her without saying a word.

She was so disturbed by the encounter, she rushed home to tell her husband. "It totally creeped me out," she said.

Meanwhile, Calhoun saluted the slain brother who made the 911 call, declaring, "That child basically saved a lot of lives."

wrenching decision to turn him in.

Adair's daughter, Kateri Fogleman, says she went into "out-and-out shock" when she recognized her father - who spent 21 years with the LAPD - in bank surveillance images in a news report about the Snowbird Bandit.

## Held without bail

Fogleman, 40, drove to her parents' home while Adair was out and told her mother, "We have to do the right thing." Before long, they were talking to lawmen, revealing all.

Cops found Adair a few hours later, sitting in his Jeep in a parking lot with a loaded .38 caliber handgun. He was arrested on suspicion of

robbery and for a two-decade-old DUI warrant. He's being held without bail in a county jail and faces 20 years behind bars if convicted.

Adair's fall from glory came as a huge shock to those who knew him.

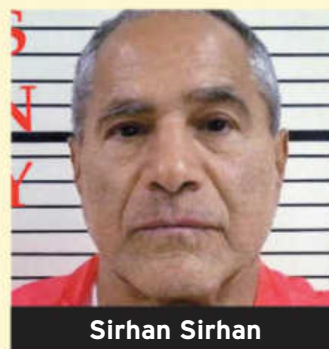

On June 4, 1968, he was a rookie officer when he helped take down Arab gunman Sirhan Sirhan, who assassinated presidential candidate Robert F. Kennedy. Two years later, Adair made news again after saving seven people from a house fire.

Cops say Adair was a "heavy gambler" on a fixed income, but Fogleman believes mental issues and health problems drove her dad over the edge. In 2013, he had six heart attacks and required dialysis four times a week.

"Doctors said he suffered severe brain damage," Fogleman said. "They called him a 'dead man walking.' It's insane. How does a walking dead man rob a bank? He's ill. There's no other explanation."

Tinseltown loonies keep finding new ways to make me physically ill. Seems the latest trend in Hollywood is for crazy celebs to give their babies unisex or gender-neutral names. Give me a break!

Isn't it enough that we have Bruce Jenner walking around with boobs, long hair, a dress and calling himself Caitlyn? But at least he's old enough to make his own decisions - no matter how creepy they are.

Now take a look at some of the celeb babies born in recent years.

Let's start with Ryan Reynolds and Blake Lively naming their daughter James. Yeah, that's right...JAMES! Try growing up with that one, kid.

Blake Lively and Ryan Reynolds

Then there's Ashton Kutcher and Mila Kunis giving their little girl the moniker Wyatt. I don't know about you, but the only Wyatt I've ever heard of was Wyatt Earp - and the last I heard, he was all man!

And let's not forget that Gwyneth Paltrow and Chris Martin gave their little daughter the name Apple when she was born in 2004. It seems they missed the opportunity to use the middle name McIntosh or even Granny Smith.

And, of course, Jessica

## CELEB NAME GAME IS GREASY KID STUFF!

Simpson's daughter is named Maxwell! Jess obviously spent too much time watching Get Smart reruns.

Even though I loathe mentioning the Kardashians, I must point out Kimmie and her hubby Kanye named their daughter the ridiculous name of North West.

Now there's a report out there that pregnant Kimmie is going in another direction this time

around and will name their son Easton when he's born in a few months. Get it? East (and) West?

I used to laugh at Johnny Cash's song A Boy Named Sue. But all this is getting me sick!

AND ONE MORE THING... Here's a match made in the toilet. There's lots of buzz out there that Justin (THE PUNK) Bieber and Ariana (I HATE AMERICA) Grande are now a duo.

Grande, who was caught on tape uttering the disparaging words about our country after grossly licking donuts on display in a California eatery, is going out of her way to help Biebs promote his new crappy song.

They make such a charming pair.

Ahh...love, Hollywood-style. Kinda brings a tear to your eye that these two sour souls may have united.

# 80 SUPERSTARS OF THE 1980s!

## WHERE ARE THEY NOW?

The Happy Days cast in their heyday

**I**n a blockbuster four-part series, **GLOBE** is bringing you up to date on 80 of the top TV stars from the 1980s. In Part Three, we reveal what's become of fan favorites from, Happy

Days, Knots Landing and other hits. Here are another 25 - with 15 more stars on the way in the final exciting installment next week.

- Special report by Bob Burns, Jim Nelson & Jordan Rodack

TIMES have been tough for several members of the Happy Days cast, but none have fallen farther than **ERIN MORAN**, 54. When last seen, the perky kid who shot to fame as Richie Cunningham's little sister, Joanie, was a homeless boozier. Now, she's bouncing from one seedy hotel to another after getting booted from a trailer she shared with moving man hubby Steven Fleischmann and her mother-in-law.

**SCOTT BAIO**, who played Joanie's beau, Chachi, has also hit hard times. He revealed his wife of seven years, Renee, is suffering from a brain tumor. "We ask for your prayers and support," says Baio, 53.

Meanwhile, everybody's favorite TV housewife, **MARION ROSS**, who played Marion Cunningham, lost her longtime companion, Paul Michael, in 2011. Still, Ross bravely continues performing on stage and screen at age 86 and says it's "still a joy to be in the game."

But **AL MOLINARO**, who played Arnold's Drive-in boss Al Delvecchio, is long retired. Now 96, Molinaro parlayed his role into TV commercials and a chain of Midwest "Big Al's"

diners. He hasn't acted since the 1990s.

However, **DON MOST**, wise-cracking Ralph Malph on the show, is still hard at work. He has a lounge act featuring songs by Frank Sinatra and Dean Martin. The 62-year-old still gets bit parts on TV shows, does voice work and has directed three feature films.

Potsie Weber portrayer **ANSON WILLIAMS**, 65, moved behind the camera

BOB NEWHART &amp; JULIA DUFFY

## NEWHART HEROES HARD AT WORK!

AFTER sparking health fears with his gaunt appearance and open sores on his forehead at a 2013 awards show, comic legend **BOB NEWHART** is, amazingly, still going strong at age 85. Since playing writer Dick Laudon on Newhart from 1982 to 1990, he's won roles on TV hits The Big Bang Theory and Hot in

Cleveland. Co-star **JULIA DUFFY**, who got laughs as ice queen Stephanie Vanderkellen, is also in demand. Duffy, 64, starred in Baby Talk, Designing Women and The Mommies on TV. She also won rave reviews for her role in the 2003 film Intolerable Cruelty, and is currently shooting the movie Fair Market Value.

Julia Duffy was a hot property and, like her co-star Bob Newhart (right), she's still hard at work

## KNOTS LANDING STARS MARCHING TO DIFFERENT DRUMMERS

JOAN VAN ARK, best known as "Knots" vixen Valene Ewing, has desperately tried to turn back time, but experts say she's gone way overboard on the plastic surgery. One even suggested she "consider stopping invasive treatments," which have left her looking thin and gaunt. Not surprisingly, Joan made a 2008 guest appearance on the plastic surgery TV drama Nip/Tuck and in 2013 brought her character Valene to the short-lived Dallas remake.

Her co-star **MICHELE LEE** performed in a record-breaking 344 episodes of the iconic primetime soap as Karen Fairgate MacKenzie. Since the show's 14-season run ended in 1993, she's kept busy on

Experts say Joan Van Ark may have gone overboard in her quest for eternal youth (right)

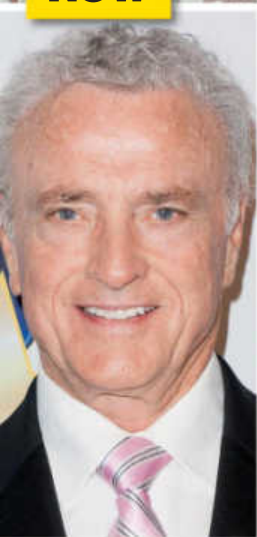

both stage and screen. The twice-divorced actress, 73, wrote, directed, produced and starred in the 1996 Lifetime movie, *Color Me Perfect*, and recently did Broadway playing Madame Morrible in *Wicked*.

These days, KEVIN DOBSON, Michele's screen husband, M. Patrick "Mack" MacKenzie, spends most of his energy on veterans' causes. The former soldier, who still acts a bit at 72, has received a slew of honors for his efforts, including the American Legion Award and the Silver Helmet Award.

waves as writer-sleuth Jessica Fletcher on *Murder, She Wrote* for 12 years ending in 1996, refuses to bow down to Father Time or slow down. She says, "I just put my foot down and keep going."

## SCARECROW AND MRS. KING BEAUTY'S CANCER ORDEAL

FORMER Charlie's Angel, KATE JACKSON, 66, has battled major health problems since starring as a divorced housewife-turned-secret agent in *Scarecrow and Mrs. King* from 1983 to 1987. She endured two bouts with breast cancer in the late 1980s and needed lifesaving heart surgery in 1994. She's also had money troubles and is working on a memoir.

TV legal eagle **HARRY "Michael Kuzak" HAMLIN** has gone from hunk to all wet! After his five years on *L.A. Law*, ended in 1991, Hamlin, 63, landed plenty of acting roles - including recent turns in *Law & Order: Special Victims Unit* and *Glee*. He's been humbled by appearing in an adult diaper commercial with his wife, *Real Housewives of Beverly Hills* star Lisa Rinna.

But that's nothing compared to co-star

Dey, 62, was last seen on TV in the 2004 series *Third Watch* and no longer acts. However, she **HAS** been serving on the board of directors at an L.A. rape treatment center.

**CORBIN BERNSEN**, 60, has been working on both sides of the camera as an actor,

# PRAY FOR JIMMY CARTER!

**EX-PREZ, 90, FIGHTS FOR LIFE**

**A**S ex-President Jimmy Carter battles advanced cancer that's spread throughout his body, friends and loved ones are praying for a miraculous recovery.

The shocking news came after the 90-year-old former Commander-in-Chief had a mass removed from his liver on Aug. 3.

"Recent liver surgery revealed that I have cancer that now is in other parts of my body," says Carter, who's undergoing treatment at Atlanta's Emory Healthcare.

He didn't disclose what type of cancer, but his father and three siblings died from pancreatic cancer.

According to one study, people with three or more relatives with pancreatic cancer have a whopping 57 times increased risk of developing the unusually deadly and painful disease.

Sadly, at his age, Carter is unlikely to tolerate aggressive treatments. The goal is to increase his comfort, says expert Dr. Robert Mayer of the Dana Farber Cancer Institute.

Carter became president in 1977. He and wife Rosalynn in February (left)

Still, many aren't ready to say goodbye to the Plains, Ga., peanut farmer, who became the 39th Leader of the free world.

"We love him here, he's our friend," says Jill Stuckey, a close pal of Carter and his wife of 69 years, Rosalynn, 88.

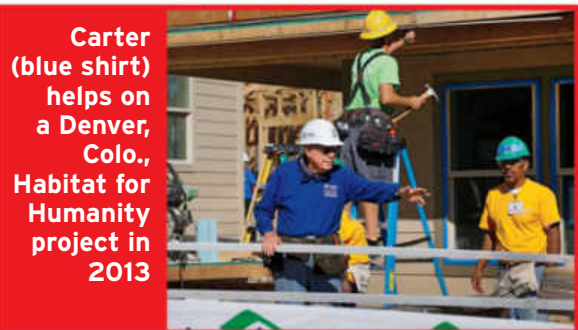

The first indication something was wrong came in May, when he had to leave Guyana where he was monitoring elections, saying he was feeling unwell.

Carter has been tireless since leaving office in 1981, working with groups like Habitat for Humanity, winning the Nobel Peace

Prize in 2002, founding the nonprofit Carter Center in Georgia and working as a global mediator. Last month, he released a memoir, *A Full Life: Reflections at 90*. And despite the grim prognosis, Stuckey insists Carter's a fighter.

"There's a history of cancer in his family... but if anyone can beat it, it's Jimmy Carter," she says.

President Barack Obama adds, "Jimmy, you're as resilient as they come...we are rooting for you."

## MODERN FAMILY STAR BUSTED!

**ARIEL WINTER'S BOOB JOB - AT 17!**

**T**EEN sitcom star Ariel

Winter has undergone a shocking surgery for a Hollywood actress - she had her boobs made SMALLER!

The 17-year-old beauty, who plays Alex Dunphy on ABC's superhit, *Modern Family*, went under the knife to reduce from an F-cup to a D-cup.

Just 5-foot-4, Ariel got fed up being bullied and mocked about the size of her chest.

"We live in a day and age where everything you do is so ridiculed," she says. "As women in the industry, we are totally oversexualized and treated like objects."

"Every article that has to do with me on a red carpet has to do with 'Ariel Winter's Crazy Cleavage!' or 'Ariel Winter Shows Huge Boobs at an Event!' And that's all people would recognize me by."

The raven-haired beauty had secret surgery June 4.

She's thrilled by the reaction from *Modern Family*'s most famous buxom beauty, Sofia Vergara.

"She was like, 'Oh my God! I love them! They're great!' I was like, 'This is hilarious.'"

Now, Ariel feels more confident about her appearance and is thrilled from the support she's getting from approving fans.

"Always make decisions because YOU want to, and always do what makes YOU happy," she wrote on social media.

## HOW TO AVOID DANGEROUS DRY EYE

**M**ILLIONS of Americans suffer from irritating dry eye syndrome, which, if left untreated can permanently damage the eye's cornea and eventually impair vision.

Causes include age and gender – women are more likely to develop dry eye because of hormonal changes during menopause. Medications, the use of contact lenses and too much computer time can also trigger the disorder.

People with rheumatoid arthritis, diabetes, and thyroid problems are more likely to have dry eyes. And exposure to smoke, wind and dry climates can increase tear evaporation.

Here are some treatment options:

■ **Add tears:** Mild cases can often be managed using over-the-counter artificial tears.

Using artificial tears can be helpful

■ **Conserve tears:** To keep natural tears in the eyes longer, the drainage ducts can be blocked by your ophthalmologist by inserting tiny, removable plugs into the upper and lower eyelids.

■ **Fatty acids:** “Take omega-3 fatty acids found in cold water fish,” Boca Raton, Fla., ophthalmologist Dr. Ranya Habash, tells GLOBE.

■ **Blink:** “When looking at your computer screen, try to blink 20 times in a row every 20 minutes and use artificial tears when you need them,” Habash advises.

Also, he says, “Wear sunglasses outdoors, and drink eight to 10 glasses of water daily to keep hydrated.”

### Fish oil reverses diabetic nerve damage

➤ **GOOD news for diabetics** – omega-3 fatty acid in fish oil can actually reverse nerve damage in feet! Previously, docs had no cure for neuropathy – numbness and pain in the feet due to nerve damage suffered by many diabetics. The prescription was to regulate blood sugar levels to slow the development of the condition. But a study at the VA Medical Center in Iowa City discovered that Resolvin D1, produced by omega-3, stops and even reverses neuropathy.

### Coffee helps fatties fight off E.D.

➤ **GUYS** carrying a few too many pounds and experiencing bedroom problems should try drinking more coffee. A new study found overweight and obese men who downed two to three cups of java a day were 42 percent less likely to suffer from erectile dysfunction. Researchers at the University of Texas Health Science Center believe the caffeine in coffee improves blood flow by relaxing arteries, which helps relieve symptoms of E.D.

# ABNORMAL HEART BEAT LINKED TO STROKE!

FORMER Saturday Night Live star Kevin Nealon is one of almost three million Americans suffering from the deadly heart condition atrial fibrillation (AFib), which is no joke for the 61-year-old funnyman.

"It felt like a pack of racing horses in my chest, and then when that slowed down, my heartbeat felt irregular," Nealon recalls of his first terrifying episode with the condition 13 years ago.

AFib is an abnormal heart rhythm that causes chaotic blood flow. It increases the risk of stroke four to five times and doubles the risk of heart-related death.

Symptoms include heart palpitations, shortness of breath, chest pain, dizziness and fainting.

Dr. Kevin Campbell, a North Carolina cardiologist, tells GLOBE AFib seems to have a

genetic link. The best way to diagnose the condition is to perform an EKG and place a heart monitor on the patient for a period of weeks.

"We first place the at-risk patients on blood thinners to prevent a stroke," says Campbell.

"For some patients, a heart rate controlling medication is sufficient. In others, antiarrhythmic drugs are prescribed to restore normal rhythm."

For some, a cardiac ablation, which involves placing catheters inside the heart, is performed. This cures nearly 75 percent of patients.

In Nealon's case, he was put on medication that helped stabilize his condition.

"The most important lesson for me was communication with my doctor," says Nealon. "You can have AFib and not know it."

# YOUR HOROSCOPE

For the week of **August 31 – September 6**

by **Emily Hamer-West**

## **ARIES** March 21 - April 20

Monday finds you feeling drained. Better grab a latte, or you'll miss out on a golden opportunity while napping. A small gamble leads to big financial gains if you follow your gut instinct on Friday. Take advantage of social energies Saturday to revamp your romance or meet a special friend.

## **TAURUS** April 21 - May 21

A hotheaded moment might leave you feeling like a Bull in a china shop this week. The easiest fix? Just apologize. Love blossoms for single Bulls under the Gemini moon at the weekend, while marrieds may be feeling adventurous. Double check all money matters to avoid a messy mishap.

## **GEMINI** May 22 - June 21

The sun in Virgo has Twins feeling extra practical this week, so focus on finishing household or work tasks you've been putting off. A friend in need is a friend indeed, and you may be tempted to open your wallet to help a pal out. The stars say your generosity won't end well – say no!

## **CANCER** June 22 - July 22

Neptune in Pisces has made you so stubborn, you're missing out on a fabulous opportunity. Listen carefully and reconsider! A stroke of luck leads to a financial windfall. Use the extra cash to host a small gathering for friends or plan a short getaway!

## **LEO** July 23 - August 23

Saturn in Scorpio has you itching for the spotlight, Leo, and an unexpected invitation puts you front and center. Let go of your need to control and allow your partner to lead the way. Extra cash comes your way if you follow the advice of an elderly stranger.

## **VIRGO** August 24 - September 22

Jubilant Jupiter kicks your creativity into overdrive this week, and a forgotten talent could lead to extra income. A friend or relative tries to offer you advice on the weekend. Keep your cool but let them know they are poking their nose where it doesn't belong.

## **LIBRA** September 23 - October 23

Take time to plan something special for yourself on Tuesday. An offer to make cash sounds too good to be true – don't let this bit of hogwash sucker you into a deal you'll regret! Keep your eyes open for a chance to buy something you've been wanting at a great price this weekend.

## **SCORPIO** October 24 - November 22

You're feeling a bit down, Scorpio. Grab take-out, binge watch your favorite show, and let the chores slide for a few days. The planets are aligned for money luck – get ready for the windfall. Joyful news of a wedding or baby comes on the weekend for you or a loved one!

## **SAGITTARIUS** November 23 - December 21

Anxious Archers might be feeling the jitters this week – they'll soon pass. An opportunity in love or career comes from a distant friend. Saturn in Scorpio leads you to make wise financial decisions, and that could mean backing out of a plan. Don't be guilted into going against your gut!

## **CAPRICORN** December 22 - January 20

Some good news puts you in the mood for dancing, so make party plans for the weekend. A miscommunication causes a small rift with a friend or co-worker. Mental Mercury says: Stop sulking and talk it out! A financial prospect on Thursday could bring big bucks. The letter "P" leads to fun times!

## **AQUARIUS** January 21 - February 18

Venus retrograde has you feeling insecure about love or friendship, but rest assured the doubts are all in your head. Stay away from gambling or taking on new debt, because the planets do not favor your wallet now. This weekend, call an old friend – she could use a listening ear.

## **PISCES** February 19 - March 20

Determined Mars in Leo says take charge at work or home and you'll gain new respect and a sense of pride. Your quest for romance is starred now, and this weekend shows great promise for both married and single Pisces. Just remember: Small gestures can add up to big love. Wear yellow!

# HONEYMOONERS FROM HELL!

## LOVERS CAUGHT FLEEING UNITED STATES TO JOIN ISIS!

Pretty Jaelyn Young and  
beau Muhammad Dakhalla

A PAIR of twisted young American lovers concocted a cover story that they were going on their honeymoon when, in reality, they planned to join ISIS and become killers for the hellish group.

But their sick scheme was foiled when feds captured clean-cut Jaelyn Young, 19, and Muhammad Dakhalla, 22, as they were about to board a plane to the Middle East.

Now, the terror twosome from Oxford, Miss., is being held behind bars without bail. Feds say both have confessed and face 20 years in jail if convicted of conspiring to join a terrorist group.

Federal Magistrate Judge S. Allan Alexander says Young had “carefully constructed a plan” and “left detailed letters to her family and ‘the authorities’ which all make clear her intent to join (ISIS) and never to return to the U.S.”

Her lover “left a detailed letter to his parents which makes clear his choice was deliberate and voluntary,” notes Alexander.

FBI agents posing as ISIS recruiters say Young told them she and Dakhalla wed on June 6 and would claim they were travelling on their honeymoon as their cover story,

before sneaking into Syria from Turkey.

Those who know the pair are shocked because Jaelyn and Muhammad, whose dad is Imam at a local mosque, are not losers.

“Mo was supposed to start grad school Monday,” says family friend and lawyer Dennis Harmon.

And Young, the daughter of a cop and middle school principal, was a cheerleader and an A-plus Honor Roll student when she graduated high school in 2013.

The scheme unraveled when they unknowingly got into online chats with FBI agents posing as ISIS recruiters.

Dakhalla reportedly told agents, “I am willing to fight,” and Young said, “I just want to be there,” adding that she yearned to “raise little Dawlah (ISIS) cubs.”

The terrorist-loving teen even laughed at the July 16 massacre of four Marines and a Navy officer in Chattanooga, Tenn.

“What makes me feel better after just watching the news is that a (brother) carried out an attack against US marines in TN!” agents say she wrote.

# STAGE MANAGER UNMASKS TV ICONS

**PERVERTS,  
HORN DOGS  
AND JERKS!**

FOR nearly 50 years, Daniel Morgan worked as a TV stage manager. Now he's spilling the beans about the outrageous antics behind the scenes at America's top networks.

In his memoir, *Last Stage*

Manager Standing, Morgan, 69, tells how he built a TV career in New York City where his work was eye-opening!

Morgan managed sets at CBS, NBC, ABC and PBS, where he saw firsthand the darker side of some

top personalities.

From a flasher who starred on a kids' show, to womanizing newsmen and cruel divas, Morgan witnessed it all. Here, *GLOBE* is bringing you some of his sensational snippets.

## PETER JENNINGS' NIGHTLY NUDES

ACCORDING to Morgan, ABC news anchor Peter Jennings was a love machine who "would sleep with a tree if it had a skirt. In between wives and girlfriends, he did very well. He never brought women to the studio ...His make-up artist kind of rode herd on him about that."

## MORGAN WAS TOTAL BOOB!

THE author reveals gorgeous Morgan Fairchild used to like to

give her breasts breathing room.

"I was working the soap opera, *Search for Tomorrow* in the '70s. The producer comes to me and says, 'Your job today is to make sure Morgan Fairchild is wearing a bra.' Apparently she didn't wear one the day before - giving new meaning to the term boob tube."

## MERCILESS MARTHA

THE set manager only worked on demanding lifestyle guru Martha Stewart's show for a week, "but a week with Martha was like a month without sunshine," he says. "Martha had three female assistants under the age of 30. At any given point one of them would be in tears."

CHILDREN's favorite, Bob Keeshan, who played Captain Kangaroo, had a kinky side and liked to flash his co-star, Mr. Green Jeans - Hugh "Lumpy" Brannum, says Morgan.

"At the beginning of each show, before the Captain came through the door, Mr. Green

Jeans would be reading a voice-over behind the set. During the reading, unbeknownst to the little viewers, Bob would take out his penis, put a pencil under it and wave it at

Brannum."

Mr. Green Jeans later got even by peeing on Keeshan's leg!

# LORNA LOSES BREAST IN BATTLE FOR LIFE!

**L**IZA MINNELLI's half-sister Lorna Luft is in a fight for her life after learning her breast cancer has returned.

Now, singer Lorna, 62, has undergone a mastectomy in a desperate bid to rid her body of the deadly disease.

Originally diagnosed with Stage 2 breast cancer in 2012, Judy Garland's younger daughter underwent a lumpectomy and finished her last chemo treatment in 2013. She was in remission for two years before the killer disease struck again.

The entertainer rushed home from Britain, where she was starring on stage in *The Songbook of Judy Garland*, after her medical team said she needed "extensive surgery" and further treatment. She was forced to cancel the remainder of her worldwide tour.

Lorna shared the heartbreaking news on Facebook, thanking fans for their "outpouring of love and support" and saying she was "recovering

**BACK IN HARMONY**

well, surrounded by family, friends and an outstanding team of doctors and nurses."

Lorna's cancer crisis has brought her closer to her famous big sis, Liza, 69, who has supported her throughout the ordeal. In 2013, Liza performed at a breast cancer fund-raiser with Lorna, despite breaking her wrist in a fall the previous day.

"Nothing was going to stop me from coming here tonight," Liza told the crowd. "Lorna asked me to be here and I wouldn't let her down."

Lorna joins a growing list of celebrities who've had mastectomies, including Kathy Bates, Christina Applegate, Wanda Sykes and Giuliana Rancic.

## LIVID PEREZ QUILTS 'VIEW'

RAGING Rosie Perez stormed off *The View* before her contract ended after ABC execs forced her to apologize to Kelly Osbourne, who made a seemingly racist remark about Latinos!

During a segment about Republican presidential front-runner Donald Trump's poll numbers, Kelly, 30, asked, "If you kick every Latino out of this country, then who is going to be cleaning your toilet, Donald Trump?"

**Michelle Collins is caught between Kelly and Rosie**

The callous comment got a rise out of Rosie - and the hot-under-the collar Hispanic let Kelly know it on air!

During break, ABC execs demanded Rosie, who is Puerto Rican, apologize. She did, then refused to show up for her last two days of work.

"She may have missed a few days' pay," says a source, "but to walk away with her dignity is likely far more important for Rosie in this situation."

Latin heartthrob Adam Rodriguez has signed on for a recurring role on the hit FOX series, which has been expanded from 12 to 18 episodes for next season.

The 40-year-old actor, seen this year as Dr. Joey Chavez on *The Night Shift*, is destined for some steamy scenes with Cookie Lyon, the sexy matriarch of Empire Entertainment.

KIEFER SUTHERLAND won't be back as 24's Jack Bauer, but bosses say the show must go on.

Speculation about Sutherland's future with the show was running rampant following the conclusion of the latest limited series, 24: Live Another Day, when network exes said he was considering an exit. Now, FOX network chairman Gary Newman has confirmed the star has quit, and they'll refocus the show so it can continue with a different hero.

"Obviously, we would love to have Kiefer and we went to him first," says Newman.

Still, Kiefer is open to a cameo role, but is sticking to his guns, saying, "Let's face it, there are only so many bad days one can have before it becomes a mad comic."

You wouldn't even know there's a dog under that matted mess

After some grooming and essential surgery, Bobb has a new leash on life

# FROM UNDERDOG TO WONDERDOG!

## Ungroomed poodle battles back after TWO LEGS ROT OFF

**A**FTER a decade without a haircut or grooming, tragic toy poodle Bobb's horribly matted fur cut off blood circulation to two of his legs, which rotted and "fell off."

But the plucky pooch, rescued from his life with homeless people on the streets of Los Angeles, has made a recovery that's doggone amazing. However, for a while, things were touch and go.

### Living the good life

San Diego vets had to fully amputate his front right leg above the paw and a back leg

below the knee.

Today the former matted mess is one happy pup, living

the good life with dog trainer, Megan Lundberg, and her husband.

"We gave him a calm place to rest, recover and be loved and spoiled," says Megan, who adds Bobb now plays and runs on his limited limbs. He's also acting as "an inspiration" during visits "with special needs people" to "spread his message of strength, love, compassion and understanding."

Unfortunately, the canine isn't a contender for a doggy-artificial leg because his stump is too short. But that doesn't bother him a bit.

"He is playful, active, happy and incredibly smart," Megan boasts. "He has learned to sit, lie down, speak and 'reach', where he waves his front nub."

"Thanks to the animal control officers, the shelter, the vets, he is not miserable, and he is not suffering. Yes, he is down to a couple of legs, but there are very few things he can't do."

The brave little guy goes on short walks, "and runs quite fast, considering. He's not in pain and is happy."

"Bobb deserved a second chance and to know how good life can be."

## CONAN STOLE MY JOKES!

TV funnyman Conan O'Brien is so hard up for material he stole jokes posted on Twitter, claims a freelance writer.

Robert Kaseberg is suing the talk show host for \$600,000. He charges the TBS redhead's cracks about Tom Brady, Caitlyn Jenner, airline passengers and the Washington Monument were told by Conan shortly AFTER Kaseberg posted them online.

Conan's rep says the lawsuit has no merit. Some would say the same things about the jokes in question which include:

"A Delta flight from Cleveland to New York took off with just two passengers - and they fought over control of the armrest the whole way." Ugh!

# WHAT'S VAL HIDING?

MOVIE hunk Val Kilmer's new mysterious cover-up has triggered yet another round of rumors he's suffering from a deadly throat condition.

The 55-year-old Top Gun star was totally unrecognizable at Los Angeles airport on Aug. 11, where his leading man mug was hidden behind a hoodie, dark glasses and a scarf wrapped around his lower face and neck.

His shocking masquerade sparked new concern that he's been battling a cancerous

tumor at death's door.

"I am perfectly well folks," he wrote in a social media post in June. "I do not have cancer or a tumor."

"There has been a swelling that I have covered during this period of recovery from a procedure I had done which was not an operation on this area."

### Gaunt and withered

But as GLOBE reported in our June 22 issue, the Batman star was gaunt and withered while traipsing around Malibu, with a scarf

JAN. 2015

MAY 2015

Since being photographed with a bump on his neck, Val Kilmer has covered up with a scarf in public

tumor in his neck since Jan. 26 when he was reportedly rushed to the hospital, coughing up blood.

A Christian Scientist who shuns medical treatments, Kilmer has denied having a tumor and claims he's not

wrapped around his neck in the heat!

His mom, Gladys, admitted, "Val was sick," and had undergone a tracheostomy for a throat tumor.

But she insisted he "was miraculously

healed...all through prayer."

Meanwhile, Dr. Sue Decotiis said the star's refusal of medical treatment put him in dire straits.

"Val could be in the last year of his life," said

the doctor, who has not treated the actor.

Meanwhile, in an Internet post, the actor noted, "I imagine I'm going to keep wearing scarfs till the swelling goes down, even though it's a silly look."

She died in 2013 at the age of 70 after a two-decade battle with multiple sclerosis. Bobby was a hit songwriter and singer, best known for tunes such as Mack the Knife and Beyond the Sea.
